

EXPLORE THE HISTORIC CAPITOL GROUNDS!

SCAVENGER HUNT

1. START at the VISITORS' SERVICE DESK. Go behind the GRAND STAIRCASE and head outside through the WEST PORTICO DOOR towards the current Capitol. Halfway down the steps, find the **TIME CAPSULE!**

When will it be opened?

2. Walk to the middle of the COURTYARD. Look back at the Historic Capitol. Search this side of the Capitol for the picture from the **1868 STATE SEAL** engraved on the building itself!

Below, circle the part of the building that has the State Seal on it!

1868 STATE SEAL OF FLORIDA

3. Look at the Historic Capitol and walk to your left. Your next stop is under the LIVE OAK TREE.

Under the tree, whose memorial says "The Dream Lives On"?

4. Keep going the same direction and look for the concrete picnic bench. Just past the bench is a beautiful **MAGNOLIA TREE**. FIND the small **MARKER** under the tree that will tell you its history! *(Sometimes it's a little hidden, so look carefully!!)*

Who planted the original tree? _____

Where did he or she live when it was planted? _____

Where might you have seen a picture of the original tree before? _____

5. Walk to the nearest CORNER of the Historic Capitol and **LOOK UP!** Spot the **FOUR** original **CORNERSTONES** from all the building's additions! (*FYI: Below all of the cornerstones is a historic marker.*)

What is the date on the lowest cornerstone?

(Hint: This is the first cornerstone above the marker—it's also from the year the building has been restored to!)

6. Look for the drain that crosses the sidewalk you are already on. Go stand on that drain in the center of the sidewalk. Now, look to your **LEFT** to see your next stop, the **LIBERTY BELL** replica!

Finish the statement from the top line of the bell:

“ **proclaim LIBERTY...** _____

”

7. Follow the sidewalk along the street (Monroe) heading back towards the Historic Capitol (SOUTH). Go past the Confederate Monument as well as the EAST entrance's sidewalk. Ahead you'll see the Capitol Grounds' oldest memorial—the **PARKHILL** monument!
If you're facing the monument from the sidewalk, look on the right side of it to find these answers!

Who was Capt. John PARKHILL fighting? _____

What date was he killed? _____

8. Turn around. Walk back to the path that leads to the EAST entrance of the Historic Capitol and **STOP!** Now, examine this picture from the **1902** renovation of the **CAPITOL**. Mark or circle anything that's different at today's restored Historic Capitol!

9. Look really close at the picture. Can you see two **CANNONS** on the steps? One cannon is still here, but now it's inside! So, go to Room 120 in order to

FINISH!

These cannons were made for battle in what war?
